1. In what ways are often tempted to trust in our own ways and own works? How does this affect our relationship with Christ?
2. In verse 22, God tells us to draw near to Himself with a true heart, assurance of faith, and a clean conscience - why do you think God specifically pointed out these three things?
3. We are called to persevere, and then immediately after called to edify each other. How can we help our fellow believers persevere in the midst of suffering or trials? What are some ways that we can encourage and sharpen each other to be more like Christ?
4. What stood out to you from the text or message that you would like to discuss further?
5. What will you do to apply this message this week?
